General Comment(s): Application was very good. This program operates all 8 components.

Strengths:

Areas of Concern:

Statistical Analysis

* Excellent work in the background statistics and data analysis.

Project Focus

* Very good summary and discussion on the project focus and reasons for component selection.
 * Excellent outline of goals and objectives.

*Could have included more detail on how high risk and minority populations are being represented.

Cost Justification

* Good justification for the component funding.

Measure of Past Program Performance

* Good outline of measures of past performance.

Community Involvement

* A very active working Local DWI Planning Council that is very representative of the county.
 * Numerous letters of support included.

Leveraging

* In-kind/match is provided by Chaves County and well above the level required.

New, Innovative, Model Programming

* Very good job in documenting new, innovative and model programs.

This grantee has requested contingency funds to: Expand the Domestic Abuse component. Expand the disposable breath test program for liquor establishments. Improve proactive stance through promotional and media material.
